

Escalate

Key facts and figures

Escalate is a unique, proven and multi-award-winning dispute resolution process.

Escalate was created by the professional services market to provide a **smarter way to resolve SME disputes** by focusing on a quick settlement, removing upfront costs and minimising risk. The impact that we have already made demonstrates that we are transforming how businesses are tackling their commercial disputes.

The problem

70%
of SMEs

will experience at least **one commercial dispute** in every 3 year period

9/10

businesses **do not instruct a lawyer to help them** with a dispute because of a lack of trust or concerns about cost

As a result, SMEs are **losing** in excess of

£40 billion

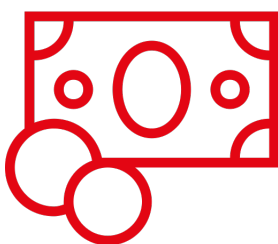

each year by writing off commercial disputes

The solution

Winner of **5** prestigious national awards

100% contingent, insured, funded

The client remains the **primary beneficiary** with fees at only 30% of damages

The impact

Over **500** enquiries and engaged in over

150 cases

£6 million

of engaged fees and forecast annual growth in net profit of...

650%

We are helping to unlock **£100 million** that is tied up in commercial disputes
